INDALA COLLEGE OF ENGINEERING & POLYTECHNIC

Fee Structure

Knowledge-base document for RAG Admissions Assistant

Prepared: 03 November 2026 **Information reference:** official college website pages reviewed for this starter pack.

Academic year

The admissions page has a section labelled 2026–27 FRA Approved and provides a link labelled as the approved fee structure for publication on the institute website.

Fee amount

The exact approved fee amount must be taken from the linked 2026–27 fee PDF. It is intentionally not reproduced in this knowledge-base document because the numeric amount was not independently verified from the PDF content during preparation.

FRA disclosure

The admissions page also links a 2025–26 Fees Regulating Authority disclosure document. This is a previous academic year and must not be presented as the 2026–27 fee.

Additional note

The admissions page says any difference in fees, if applicable, shall be payable after finalisation by FRA. It also notes that Outside Maharashtra State (OMS) students may have additional eligibility fees as per government norms.

Chatbot instruction

If the current approved fee PDF has not been ingested, answer that the verified fee amount is not available in the indexed documents and direct the student to the official admissions page / college office. Never estimate fees.
